

Pulse Management UK Ltd

MOBILE MULTI-SKILLED ENGINEER (JOINER BACKGROUND)

Salary: £20–30K (Depending on experience)

Location: London Based (Nationwide)

We are looking to recruit a qualified Multi Skilled Fabric Engineer to join our team working on Maintenance contracts for some of the UK's top high street brands.

Job Role:

Working as a multi-skilled engineer you will ensure that all maintenance activities are carried out to the highest standards. A keen eye for detail is essential as our clients rely on our expertise to maintain the look and feel of their properties. You will be required to undertake planned and reactive maintenance tasks, paying particular attention to Health & Safety. You will be maintaining and servicing retail outlets and making sure that all retail outlets are in good working condition and their brand is upheld. You will be also working on small refurbishment projects and shop fitting projects.

Skills Required:

- Carpentry
- Joinery
- Basic Plumbing
- Basic Electrical Works
- Painting / Decorating
- Tape & Jointing / Dry Lining

The ideal candidate will have a core trade in carpentry but be competent in other areas.

Key Accountabilities:

To be able to work at a fast pace, recognise key priorities quickly, thrive on change and take pride in consistently providing a great service.

To ensure that maintenance works are completed within an agreed timescale and that health & safety measures are in place. To carry out maintenance tasks to all our clients with precision and care.

To establish and maintain productive working relationship with the maintenance team. Work closely with the Contracts Manager to ensure work is completed in efficient and effective manner.

Report to the Contracts Manager about completed tasks and identifying new issues for each store on a daily basis.

Good written and spoken English is essential.

Please note that some nights away from home will be required each month as some work has to be completed out of normal trading hours or overnight.

Nationwide travel is expected.

Additional Requirements:

- Previous experience in shop fitting or kitchen fitting ideal
- Full clean UK driving licence is essential
- IT literate
- Attention to detail

To apply:

Please email us your CV along with your covering letter to jobs@pulsemgt.com
